

The Woman Who Reorganized

Docile Us

Is finally eased upstairs!

By someone who knew someone on The Board.

Much more complex, but that's the basic geography.

I bring out the toy trucks that first day.

Dust them off. The two Mels show, he from Shipping,
she, Human Resources.

She creates as we warm up: "Mel, now you're
the rebel...really take too many chances!"

"I'll show you Rebel!" I screamed, crashing into both.
